BOYS BASKETBALL (1 motion)

#1 MOTION JAMES/SOKOLOSKI

Name of Speaker at the Meeting: Suche James

Championship Review has concerns about the long term effects of these sorts of changes and awarding multiple entries to associations at the expense of others as OFSAA should be based on provincial representation rather than those that have the most schools as championships could become too GTA focused. Before providing their support, Championship Review would like to see/hear more information and rational on the decision from those putting the motion forward.

Page D-5 Playing Regulation 7: Entry - Section b)

WHEREAS: CISAA currently only has 1 AAAA school and therefore should not receive direct entry to the championship as other associations (COSSA, NCSSAA, EOSSAA) with 1 or more AAAA schools require a playoff to gain an entry

AND WHEREAS: YRAA currently has the 2nd most AAAA schools yet only receives 1 entry into the AAAA championship

BE IT RESOLVED THAT: Regulation 7 Entries Chart for AAAA, be amended to change YRAA from 1 entry to 1 entry with a second entry awarded to playoff winner YRAA#2/CISAA and CISSA changed from 1 entry to 1 entry awarded to playoff winner with YRAA#2/CISAA.

#5 MOTION MEINDL/ROBINSON

Speaker at Meeting: David Christie or Greg Sora

From an organizational standpoint this poses a problem for convenors coordinating banquets/ accommodations.

Also OFSAA is a championship format, as opposed to a participation format. Possibly allowing unlimited roster, but only 30 players can attend the banquet- requires additional supervision. The size of the roster depends on the ability of the convenor to support the logistics i.e. accommodations and banquet seats. Championship Review does not support this motion.

Page Q-4, Section: 9 c) Roster Limits

WHEREAS: We want to encourage rugby participation at the high school level

AND WHEREAS: Limiting the roster to 30 participants involves deciding which athletes cannot attend OFSAA despite being part of the team all season.

BE IT RESOLVED THAT: The current information in the “Roster Limits” section be replaced with the following: Each team may have an unlimited roster. The player/game roster sheet provided by the convenor prior to the start of each game must identify 22 players to compete in each game including identification of 5 players who are suitably trained and experienced to play in the front row. During the course of a game, if a team cannot replace a front row player with an identified front row sub from your game sheet then you must play with a 7 man scrum (number 8 removed) that is de-powered with a total of 14 players on the field. If a situation arises in which a 2nd front row player needs to be substituted, the de-powered scrum becomes a total of 6 players with both flankers removed from the field and a player returns to the number 8 position.
