

Help Save Your Trails!!!

The City of Greater Sudbury is planning on developing a university access road to be built through Laurentian University ski trails. If this road is developed it would dissect and destroy the trails you have used for NOSSA running.

These trails include running, hiking, mountain biking and cross country ski trails that are both marked and unmarked for everyone's use. They are free to the public and have provided you with countless memories and opportunities for recreational and competitive outdoor events and activities.

Everyone's help is desperately needed in regards to expressing concerns for this matter, and can only be prevented if people speak up.

For more information visit www.laurentiannordic.com

If you are concerned about the impact of this proposed road on your trails, please express your concerns or explain the impact in writing as soon as possible to:

*Dennis Consultants
436 Westmount avenue Unit 6
